2024 Partnership Opportunities

Mission

To enrich the wellbeing of individuals with diverse abilities and foster lifelong relationships through community athletics.

Programs

Training Runs - From April through October, each of our nine regions host weekly inclusive training events whereby Captains and Angels come together to run, bike or swim and most importantly, build relationships.

Inclusive Racing Events - Running, biking, triathlon events. mTT takes care of the logistics, provides the equipment and support. Our Captains and Angels take it from there and enjoy the journey.

Social Connection - Training and racing is just the beginning. Our aim is to encourage Captains and Angels to connect outside of racing to further their relationship.

Service Members - Through our Operation Guardian Angel program, active and veteran service members can join mTT as an Angel or Captain free and fully sponsored!

Youth Outreach - Inclusion starts when you're young. We work to engage our youth as Captains and Angels through outreach presentations and support of school inclusive events with the use of our specialized racing equipment and staff.

Special Events - Our main focus is on partnering with existing events to build inclusion. However, we have built some amazing special events such as the Triumph Mile and the OGA Memorial Day Run!

**MYTEAM
TRIUMPH**

Captains

- A team for everybody and any BODY
- At myTEAM TRIUMPH, Captains are the leaders of their team.
- Specialized race equipment is provided free of charge for use in trainings and races.
- Race participation is completely sponsored by mTT

Inclusion means being blessed with opportunity to lay down your additional stresses, worries, and fears that are a part of living with a disability and just for a moment being able to feel the freedom, joy and sense of "normal" associated being able to run the race, soar across the finish line and just be "like everyone else".

Angels

- Angels are the athletes who guide their Captain to the finish!
- Angels participate as a team of 3 taking turns guiding and encouraging the Captain.
- Angels are ambassadors for myTEAM TRIUMPH and inclusion while they race
- Angels support the organization through fundraising efforts

'I've never smiled so much while running!'

Impact

Since its inception, myTEAM TRIUMPH Wisconsin has facilitated thousands of community based inclusive opportunities for people with diverse abilities.
