I am proud to present to you, on behalf of our staff, board members, and volunteers, our annual Impact Report - a testament to the dedication and compassion our team pours into communities throughout the year.

In 2023, myTEAM TRIUMPH - Wisconsin we continued to do what we do best; bring people together through impactful and well organized events that celebrated inclusion, fostered lasting connections, and enriched the lives of individuals with diverse abilities.

Our eight regions hosted training runs and social events, providing opportunities for Captains and Angels to not only prepare for athletic endeavors but also to forge genuine relationships. We made awesome memories, increased self-confidence, and helped instill a greater sense of purpose in ourselves and others.

We hold close to these wins as we move into 2024 and continue to serve and grow - together.

Thank you for being an integral part of our triumphant team, I look forward to seeing you on the road-

David Konshak

Programming Overview

Our programming is the heartbeat of our mission. In 2023, we continued to deliver transformative experiences through a variety of impactful initiatives.

Inclusive Racing Events

Bringing the joy of endurance athletics to everyone, our races provide athletes with diverse abilities the opportunity to participate in running, biking, duathlon, and triathlon events. We take care of logistics, equipment, and support to ensure that every participant crosses the finish line with a sense of accomplishment.

Social Connection

Training and racing are just the beginning. This program encourages Captains and Angels to deepen their relationships beyond the races by fostering genuine connections through regular training sessions and community get-togethers that extend our community beyond the race.

Special Events

While our primary focus is on partnering with existing events to build inclusion, we also host special events like the TRIUMPH Mile and Endurafest to celebrate community!

“ *I run in a lot of races, and these are always my favorite! I can't wait to meet my Captain and fellow running angels each time.”*

Service Members -

Operation Guardian Angel

Through OGA, we honor and support active and veteran service members by offering them the opportunity to join MTT as Angels or Captains, free and fully sponsored. It's our way of expressing gratitude to those who have served.

Youth Outreach

Inclusion starts young. With Youth Outreach, we engage the next generation as Captains and Angels through presentations and support of school-inclusive events, utilizing our specialized racing equipment and dedicated staff.

Where Was MTT in 2023?

... on the move, of course!

Each area we serve and have the opportunity to host events in is managed by local Crew members. These individuals, often volunteers already hard at work in the community, help ensure MTT's success for all participants. They help to lead outreach, support local group runs, and ensure we have what we need to successfully carry out races in their area.

"MTT has helped me believe in myself"

-MTT Captain

"My sons LOVE being in the racing chair and my wife and I love having them out in the fresh air for an hour and NOT on electronics. As for me, I've gained confidence in my running, running my pace, and improving my best times... also I'm grateful for MTT allowing me to be my goofy self. I ALWAYS have a blast at the events."

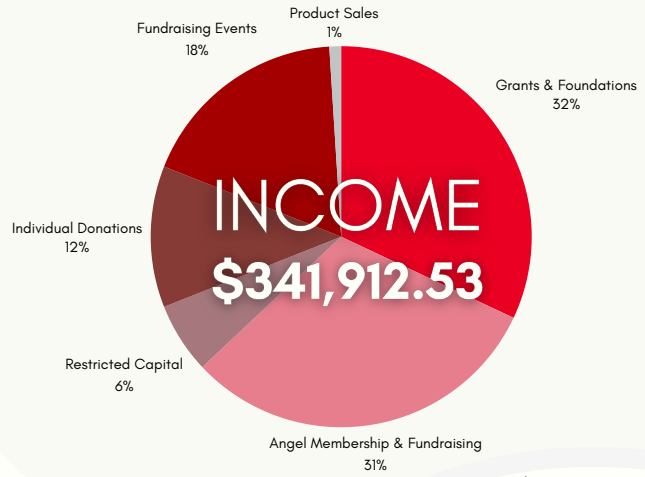

"We like to keep our charitable donations within our local [communities] organizations... **because we've seen mTT in action** and have friends that participate both as angels and captains, **we are happy to support [MTT WI]"**

2023: By the Numbers

MTT is blessed to receive support from individual donors and community partners alike. Below you will find insights on our income and expenses that drive our mission and make our impact on communities throughout the state possible.

We are always looking for ways to grow and strengthen these partnerships, if you or someone you know is interested in becoming a donor, partner, or sponsor, please contact our team today!

54 Inclusive Events

710 Finish Line Memories

4,500 Group Run & Social Connects

"I have formed relationships but more importantly **my son has found something to be part of, which is hard in the transition to adulthood.**"

- Parent of Captain

*"Kira has had an opportunity to feel the freedom of running, and although it seems small, left her parents' side - she doesn't often get that opportunity outside of going to school. Even a 30 minute run allows her less parent supervision. That must feel pretty good! I've also noticed how **she lights up** - whenever we go, she is talked to. **Her presence is valued.** That often doesn't happen."*

- Parent of Captain

2023 Program Participant Survey Results

80%

Reported forming **lasting authentic relationships** with others AND felt **more satisfied with life** after becoming involved with MTT.

90%

Felt a **part of something bigger** than themselves thanks to MTT.

75%

Felt a sense of **improved mental health.**

100%

Reported feeling that they **played an important role** in fostering a more inclusive community.

*"I've only been involved with MTT for a little over a year, but **it's already brought new meaning** to my running. The people who are part of this group have become what I believe are **lifelong friends**. I can't wait to kick off this season of running."*
